## SUMMARY

A dedicated Data Science student at IIT Madras with a strong foundation in data analysis, development, and problem solving. I enjoy working with Python, SQL, and Flask and have a growing interest in using technology to build real-world solutions. Skilled in database management, data visualization, and exploring the basics of AI & automation. Passionate about startups, content strategy, and collaborating on ideas driven by innovation. Always eager to learn, grow, and take on meaningful challenges.

## PROJECT

### Quiz Master - Flask Web Application

- Developed a comprehensive quiz web application using Flask, focusing on providing an engaging and interactive user experience.
- Implemented user authentication with Flask-Login, role-based access control, and dynamic quiz functionality.
- Utilized SQLite for data storage, ensuring smooth performance, and enhanced the interface with HTML, CSS, and JavaScript.

## EDUCATION

**Bachelor of Science (B.S.) in Programming and Data Science**  
**Indian Institute of Technology, Madras**  
Distance Learning  
CGPA: 6.95/10

05/2023 – Present

**Secondary School (ISC) in Science**  
**Bishop Johnson School & College**  
Percentage: 83.6%

2021 – 2022 | Prayagraj, Uttar Pradesh

**High School (ICSE) in Computer Applications**  
**Bishop Johnson School & College**  
Percentage: 81.83%

2019 – 2020 | Prayagraj, Uttar Pradesh

## TECHNICAL SKILLS

**Programming Language**  
Python, Java(Basics)

**Web Development**  
Flask, HTML, CSS, JS

**Database Technologies**  
PostgreSQL, SQLite

**Tools & Productivity**  
MS Word, Excel, PowerPoint

**Data Analysis Tools**  
Microsoft Excel, Power BI

## CERTIFICATIONS

- Certificate of Completing Foundational Level of IIT Madras BS Degree 

- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate 

## SOFT SKILLS

- Leadership
- Project management
- Team collaboration
- Communication
- Problem solving

## INTERESTS

- Playing badminton
- Photography
- Designing intuitive UI/UX
